HP-212

Sealing conveyor

Functions from the Haipai catalogue 20251212, item 23. Pin chain, size and speed from the Haipai coating-line specification.

Specification

Use	Buffer so the coating can level. Sealed frame with an acrylic window
Chain	35B stainless extended-pin chain, 5 mm high-hardness aluminium rails
Width	50–450 mm, adjusted manually. Online or straight-through
Boards	Up to 450 × 450 mm. Component height up to 110 mm on top
Speed	0.5–3.5 m/min, shown on the controller
Transport height	910 ± 20 mm
Inspection	Built-in light and a fluorescent lamp for coatings that contain a fluorescent agent
Frame size	900 × 900 × 1310 mm (L × W × H)
Frame	Welded galvanised sheet, powder coated
Supply	AC 220 V, 50 Hz. Power 0.2 kW. Stepper motor
Weight	About 120 kg
Line link	SMEMA

The equipment catalogue lists PLC and touch-screen control. The photograph shows speed controls and a mode switch on the front panel. The coating-line specification lists single-chip control with buttons.
